The dental plan for you 2027

This plan includes PreventaMax benefits, which means costs for preventive care do not count toward your annual benefit maximum. Preventive care such as oral exams, X-rays, routine cleanings, and fluoride treatments lead to better overall dental health.

Plan options	Dental Preferred (Kaiser Permanente dentists only)
Annual benefit maximum	None

camco benefit services

This is a stand-alone plan and is not tied to your medical plan, OPM or past or present employers.

Kaiser Permanente's dentists serve as extenders of primary care to help improve health outcomes. Here are some examples of benefits when a Kaiser Permanente member has both medical and dental coverage:

- One electronic health record
- One ID card
- Consistent, coordinated, high-quality dental care
- Access to the Kaiser Permanente app
- The ability for the dental team to help with medical gaps in care and take effective action when needed.

How do I sign up?

Go online or call the plan administrator, Camco Benefit Services.

- Phone: **1-844-206-5032**

Dental coverage is provided by Kaiser Foundation Health Plan of the Northwest. These benefits are neither offered nor guaranteed under contract with the FEHBP but are made available to all FEHBP eligible enrollees and their covered family members. You cannot file an FEHBP disputed claim about them. The premiums and fees you pay do not count toward FEHBP deductibles or out-of-pocket maximums.

An annual $5 American Federation of Government Employees (AFGE) associate membership fee makes this plan available to you. This fee will be debited at the end of February each year. This will be a separate debit from your premium debit. AFGE members are exempt from this fee. Dental coverage is provided by Kaiser Foundation Health plan of the Northwest.
